EMC Colleagues, I'm attaching here all of the program and regional submissions I have received to date. This is a complete set of materials, except for materials from Region 6, OW, AO, and OGC. I hope to have those in hand for you later today.

We will bring copies of everything to the meeting as well.

Thanks for your patience,
Shannon

1st attachment withheld under (b) (5) (DP). Responsive sentence: "There is a grass roots effort repair the Conastee Dam, which protects Lake Conastee and the Reedy River from its upstream sediment issues." Remaining attachments nonresponsive.
